## Introduction

With this book about Belgium a start has been taken for a series in which we will tour through the whole of Europe. On this tour we will meet all the players who at a certain point in their career played in a European match.

The players are put in alphabetical order. Of each player the European matches are given and - when available - also the date of birth and the country of origin.

Every book will deal with a country. The consequence of this sort of arranging is that players who played on a European level in several countries will appear in several books.

The following books will appear in the near future:

- England 1955-1985
- Holland 1955-2002
- (West) Germany 1955-1990

Also small European countries will be dealt with, but not in a separate book, several of them will be discussed together in one book.

When you have remarks on or adjustments or additions to the book, you can contact us at the following address:

You can also send an e-mail to: [xtra\\_time@hotmail.com](mailto:xtra_time@hotmail.com). Any changes or adjustments will be included in a separate section in the next books.

A special thank you goes to my wife Ingrid and my kids Niels, Brian and Tinneke.

I also like to thank Serge Van Hoof, Peter Mariën, Vannessa Peeters, KBVB (The Belgian Football Association) and KUL (University of Leuven) for their help and efforts.
